MOTOR EVENT, A FEATURE

Five Mile Lap Event and Other Contests See Close Finishes-Drony Music.

Not a spill marred last evening's race program but the news that Norrace program as dying up at St. Mark's hospital had its effect upon the crowd. The band repeated its old trick of playing the dronlest sort of sentimental music and this didn't help the crowd to liven up any. The riders were careful, too. Close finishes were in order, howerver, and the program was far from being a failure; it was simply quiet and devoid of the usual thrilling moments.

GREAT RACE PROGRAM IN PROVO FOR JULY 4

Eyen Whittler rode around in the fivemile motor race with Turville in steady
form. When the gilded machine of Whittler gradually bore down on the other,
the crowd was on its feet to cheer the
dare-devil on. And the dare-devil throwing more juice on sent his machine
shooting past at a dizzy speed. As the
last laps of the five miles were being
covered Whittler closed up the distance
between Turville and himself and with
an effort could have passed his man
again. The time made was 6:152-5.

RACES TAKE WELL.

The five-mile lap amateur race went
well with the crowd as a lap race always does. The little riders started out
pin number, but every few turns a
man or two would drop out as a terrific
pace was set right from the start. It
was a fighting finish. McFarland was
erowded in the rear in the half-mile
handicap and failed to qualify, but in
the two-mile he jumped ahead in regular "Mac" style, carrying Downing and
Wilcox with him in the order given. The
half-mile handicap professional was won
by Walker, who gets his premier first
since his arrival in this country.

NEW FOREIGN ENTRIES

New York, July 1.—Entries close to-day with the motor boat club of Amer-ica for the international cup race to be held in Huntington harbor on Aug. 1, for the trophy which was won last year in England by Commodore Schroe-der's Dixte. From the latest advices received by the club committee from abroad, it seems probable that the only foreign competitors will be the English challenging boat Wolseley-Siddely, and a second English boat recently entered.

Daimloir II, owned by Lord Howard de Walden. The challenging boat, which is a new creation this season and made a most excellent showing in the races at Monaco, is owned by the Duke of Westminster, and as both of the owners of these high speed craft are keen sportsmen, it is expected that they will be present to witness the contest and very hopeful, of course, that they will carry the trophy back to England.

It had been very confidently believed by motor boat men here early in the year that France would not allow the present contest to go by without being represented, particularly as some very fast boats have been built in that country this season. No indication of any entry from France or Germany has yet been received, but Secy. Bleting said yesterday that if an entry were mailed under date of July I, it would undoubtedly be accepted. Pomona finished second, with Argot Boy, where he took a record of 2:03 ½. In the race in which Queen Pomona took her record of 2:07½ Ginger finished second and close up, and those who witnessed this race say that Ginger lead the field at the start. It is a well known fact that last year Ginger paced from the wire the first eighth in 14 seconds, while Queen Pomona is known to have finished a milz with the last eighth in 14 seconds.

The Provo track is in first class con-

under date of July 1, it would indoubtedly be accepted.
Half a dozen American boats have already entered for the elimination races to be held in Huntington harbor July 10 and 11 to pick the American defending team of three.

It is thought that there will be at least 10 starters and the list of American aspirants will be completed today.

while Queen Fomona is known to lave finished a milz with the last eighth in 14 seconds.

The Proyo track is in first class condition and the trainers who have been on the best one-half mile tracks in the country say that the Proyo track compares very favorably with the best of them and they say that by the work it is receiving, it will be an unusually fast track by July Fourth. It is expected by many of the horsemen that in this race between Ginger and Queen Pomona for a purse of \$500, one-half mile heats, best three in five, that a half-mile will be paced in right close to one minute. Ginger has already paced the half this year in 102½.

In addition to the harness races, the management of the track is arranging for some running races and other events to fill in between the harness races and they promise the public one of the best afternoon's amusement that has ever been given in the state in the way of harness races. The admission to the grounds will be 50 cents to the granistand. A brass band will be in attendance during the races.

MATCH RACES ANNOUNCED. Iver Lawson and W. E. Samuelson meet in a match race, best two out of three, on the Salt Palace track Friday evening. This will be the feature of the card. McFarland will meet the winner of the match on the Fourth of July.

NEW SURFACE GOING ON TREACHEROUS SLANT

Work of resurfacing the Salt Palace track began this morning and a big gang of carpenters will have finished by Friday evening. Solomon Nelson, Jesse Olson, lessees, and F. A. Swenson and G. R. Cleaveland, sub-jessees, met and voted to put on a new topping. The track is in fair shaps so far as appearances go. When examined last evening it showed no signs of being a death-dealing path. But with Hopper, the victim of a terrible fall, hovering between life and death, there were no "ifs" or "ands." There was but one thing to do, and that was to remedy the unsuspected fault as rapidly as possible. The slant will be relaid nine feet up from the bottom. The present surface is two years old and presents a smooth enough appearance, but being exposed to all sorts of weather, has made it treacherous. McFarland rode last evening in a leather shirt because he was hurt last season in a fall and cares for no more splinter gathering experiences. All the riders were watching themselves and that recklessness, called ginger, was not in usual evidence. gang of carpenters will have finished
